

DD Form 250

The CIMA DD250 form solution is a preparation and management tool for DoD contracts that allows fast and easy creation of the DD Form 250. Our solution aligns with industry business processes and is designed to integrate with enterprise resource planning systems.

- Manage the DD Form 250 submission and approval process
- Reduce lead time to secure government inspection and acceptance
- Generate and store DD Form 250
- Email alerts for critical DD Form 250 events
- Standard information format ready for the Wide Area Workflow – Receipts & Acceptance (WAWF-RA)

Key Features

- Generate and store the DD Form 250
- Provide standard integration with existing inventory and contract management systems
- Store the DD Form 250 and supporting documentation for easy access
- Approval triggers the government payment system
- Extract or enter supporting information needed by WAWF-RA (optional)
- Create receiving reports and invoices online at WAWF-RA (optional)

Automatic Electronic Notification of Key Events and Activities

- DD Form 250 generated/submitted
- DD Form 250 approvals received
- Outstanding DD Form 250 approvals exceeding acceptable lead time

Reporting

- Lead Time Analysis of Approval Process by Government Agency and Individual Report
- Aging Records Submitted without Approval Report
